Parent Council Funds

The primary goal of fundraising conducted by Parent Councils on behalf of the Division schools is to benefit the students of those schools. The following guidelines shall apply to Parent Council funds:

- Establish/maintain a separate bank account at a financial institution of its choice.
- Maintain an accounting system and/or Excel spreadsheet to properly track revenues, expenses and payments to vendors.
- The School Leader shall require the Parent Council to adhere to the following:
 - Establish council objectives;
 - Appoint a Treasurer and signing officers;
 - Ensure that bank accounts are not in individual names and that bank statements are addressed to the school c/o the Parent Council;
 - Prepare an annual budget that includes any identified special projects;
 - Maintain complete financial and non-financial records;
 - Prepare and distribute quarterly financial statements to all council members and the School Leader (September, December, March and June);
 - Ensure that reasonable controls exist to minimize the risk of unauthorized disbursements and to ensure that, to the extent reasonably possible, all receipts are recorded and deposited;
 - Prepare and provide a copy of the monthly [Bank Reconciliation for Parent Advisory Council Funds](#) to the School Leader;
 - Maintain and distribute the minutes of the Parent Council's meetings;
 - In the event that any excess funds are raised for a particular fundraising project, the excess funds will be held in the Parent Council's bank account for future use. The maximum bank balance to be held by Parent Council at June 30th of each year is \$5,000. Should the Parent Council require more than \$5,000 for a bank balance, they are to obtain approval by submitting a request and rationale to the Office of the Secretary-Treasurer.
- The School Leader shall provide to the Division, the Parent Council's financial statements and bank reconciliations for the March and June.
- A Parent Council may grant a sum of money to the school for a specific project or purpose. If the purchase or expense is recorded in the school's operating budget, the transfer of funds from the Parent Council's fund to school operating budget must occur once the invoice is paid.
